Whatever our cute little heroes are expecting from their action-packed journey, one thing is certain: this will be the biggest adventure of their lives!

# The Game

Your main task is to lead Littlefoot, Cera, Spike and Ducky through 5 exciting worlds in the Mysterious Beyond and get them home safely to their beloved Great Valley.

But it's not as easy as it sounds – there are thrilling adventures awaiting you, involving all kinds of hazards, formidable adversaries and lots of arch-villains!

You can switch between the four main characters, Littlefoot, Cera, Spike and Ducky, but first you have to find them, because some situations can only be overcome using a particular dinosaur and his or her special skills. You must decide for yourself which dinosaur is best for the different parts of the game.

If you ever get stuck, you should always keep a lookout for a ramp or a lift, which can help you to overcome or avoid the obstacles. And in some situations, Petrie may even come to your aid, so don't despair!

In each world you will find tasty maple leaves – you should pick up as many of these as you can, as they increase your score and, more importantly,

they are good for your dinosaurs' health. If the dinosaurs are attacked, you will first lose the maple leaves that you have collected, then (and only then) the dinosaurs' health will deteriorate.

So get through all the gigantic worlds, pick up as many maple leaves as possible, give your enemies what for, and conquer the mighty adversary at the end of each level! Then the dinosaurs will soon be able to frolic happily again in their peaceful Great Valley.

# >Passwords

This is where you can enter a password if you obtained one in a previous game.

If you enter a password, you can start the game at an advanced stage.

This means that if you interrupt a game or stop playing, you do not have to start again from the beginning every time. Instead, you can use a password to go straight to the world in which you were playing previously.

# Options

## MUSIC ON/OFF

Use this option to turn the background music in the game on or off.

## EFFECTS ON/OFF

Use this option to turn the sound effects in the game on or off.

## DIFFICULTY LEVEL (Easy/Medium/Hard)

This is where you can adjust the difficulty to three different levels: easy, medium or hard - depending how confident you are.

# The Characters

## LITTLEFOOT:

Littlefoot can jump higher and further than his friends, move faster and run longer distances.

## CERA:

Cera can easily move rocks and boulders out of her way. However, she can not run very fast or jump far. Her powerful tail swing is her best defense.

## SPIKE:

Spike is the slowest character. It is easy for him to crush boulders to clear a path for his companions. His specialty is the rolling attack, which tosses any enemy into the air. He can withstand several blows from his enemies.

## DUCKY:

Ducky can dart into levels to explore the area and track down the enemies. Ducky's second special characteristic is that he is small enough to be able to squeeze into narrow caves and restricted openings to look for sought-after maple leaves.
